

## Fifth Roll Call On Sales Tax Boost to be Taken by General Assembly Today

### HUGH JOHNSON AND RICHBERG DEFEND N. R. A.

#### Claim If It Goes Down New Deal Will Go With It

Washington, May 20.—(P)—Charging "monopolists" with seeking NRA's death, Hugh S. Johnson figuratively battled shoulder-to-shoulder tonight with Donald R. Richberg, an erstwhile antagonist, to prolong the life of the recovery machine he helped build.

If NRA goes down, a large part of the New Deal goes down with it, was Johnson's warning in a radio address.

Richberg took the fight to the house ways and means committee. Shortly after he had asserted that NRA's end would take jobs from 2,000,000 workers, committee Democrats disclosed a tentatively approved measure for extending the recovery law in just about the way Richberg demanded.

Blunt-speaking Johnson, who split sharply with his former legal counsel, urged "small business men and women" to bring pressure on their congressmen for NRA's continuance. He said 3,000,000 jobs and \$3,000,000,000 in wages were endangered. Then he turned on NRA foes their own charges against the Blue Eagle—calling them oppressors of small industry and sweat shop operators.

The bill given out by ways and means committee Democrats was declared to have been only "tentatively" approved as a basis of hearings. But its phrasing disclosed strong committee sentiment for a two-year extension against the senate's 91 months, for price-fixing in some cases, for code control over small businesses which affect interstate commerce and for presidential imposition of codes.

Johnson contended the charges of regimentation and oppression directed against NRA were "the real reason for the fight against it. It is charged that interests want to kill the recovery unit, take that away because it prevents monopoly, saves the little fellow, and increases wages.

The fight against NRA has been "one of the cleverest pieces of propaganda in our time," the first boss of code rule said. He challenged critics to produce a single case where failure to pay code wages was based on other than the inability of the employer to exist without running a "sweatshop."

"The biggest monopolists in this country," Johnson said, "are leading the attack" on NRA.

### Tannery Plant Is Shutdown

Hartford, Ill., May 20.—(P)—The International Shoe Company closed its tannery here today as a climax to a dispute with the United Leather Workers Union over a re-employment policy.

About 250 men have been employed at the plant recently. In peak seasons more than 1,000 are at work.

The union, disgruntled over the company's reinstatement of several workers following a recent shutdown, notified the plant that workers would be withdrawn and the dispute filed before the Regional Labor Board in St. Louis. The company voluntarily closed the plant following the notification, but issued a statement denying union charges it had disregarded seniority in its re-employment policy.

**DAN DINNEEN HURT**  
Decatur, Ill., May 20.—(P)—Rep. Dan Dinneen, Decatur republican, suffered a severe cut on his forehead and injuries to his right arm this morning when his automobile collided near here with a car driven by a Forsyth woman.

Dinneen was able to go home after treatment at a hospital and is expected to be able to attend the legislative session at Springfield tomorrow.

### Weather

For Jacksonville and vicinity—Mostly cloudy weather with rising temperature will prevail in this vicinity today and tomorrow.

The U. S. Cooperative Weather Bureau at the Norbury Sanitarium last night gave temperatures as: high 58; current 54 and low 51.

Barometer readings were: A. M. 29.99; P. M. 30.00.

Rainfall 31 of an inch.

Illinois: Mostly cloudy Tuesday and Wednesday; slowly rising temperature. Indiana: Cloudy, showers in east, not so cool south. Tuesday; Wednesday mostly cloudy.

Missouri: Generally fair; not much change in temperature.

Missouri: Mostly cloudy, not so cool Tuesday afternoon; Wednesday generally fair and slightly warmer.

Iowa: Cloudy Tuesday; Wednesday generally fair; moderate temperature.

## SEARLE WOULD WITHHOLD ALL FEDERAL TAX

### Would Use Money For Relief Purposes In Illinois

Rock Island, Ill., May 20.—(P)—State Representative Clinton B. Searle, Rock Island Republican, tonight said he would introduce a resolution in the house tomorrow which would "order and direct the people of the state to pay into the state treasury" all monies owing the federal government—and that such funds should be used for immediate relief.

Searle said Senator Thomas P. Gunning (R. Princeton) would introduce an identical resolution in the senate.

According to Searle's resolution the state would use collections from income tax and other federal assessments against the citizens of Illinois until the state "gets proportionate returns for what is paid in."

Searle declared nine states contributed nothing toward their relief upkeep, and that 35 states received a larger proportionate slice of federal money than did Illinois.

He assailed Harry Hopkins, federal relief administrator, "for his ultimatum" demanding \$3,000,000 a month from the state and declared the PERA head "would make a vassal state of Illinois."

## U. S. PLACES EMBARGO ON SILVER COINS

### Step Taken To Aid Several Foreign Nations

Washington, May 20.—(P)—Secretary Morgenthau, with President Roosevelt's approval, late today ordered an embargo on the entry into the United States of foreign silver coins.

The step was explained as a measure of cooperation to aid those nations where the high price of silver—largely caused by this government's purchases—has prompted the melting of coins into bullion.

Italy recently declared an embargo on silver while Mexico has called in silver coins and China has levied an export tax.

The treasury statement said in part: "As the price of silver has risen, the silver content of the coinage of some countries has become more valuable as bullion than in the form of coins, tending to cause its destruction and sale as bullion. A usual method of dealing with this problem has been to call in silver coinage and change its silver content."

"An embargo on the export of the old silver coins is usually a necessary emergency measure. Those participating in the importation into the United States of silver coins covered by such embargoes are aiding the violation of the laws of the country in question."

"In the spirit of cooperation, the secretary of the treasury has, with the approval of the president, issued an order prohibiting, except under license, the entry into the United States of foreign silver coins and other forms of silver commonly used as money."

"The order is in line with the silver policy of the administration as set out in the president's message to the congress of May 22, 1934. It puts the government into a position more effectively to cooperate with signatories of the silver agreement of July 22, 1933, and other countries whose coin may be subject to disposition for its bullion value."

## Civil War Vets Are Reunited

Bloomington, Ill., May 20.—(P)—Many remarkably jaunty despite their years, members of the Grand Army of the Republic, who were scattered by the war, were reunited at the State G. A. R. Encampment.

The Civil War survivors spent most of the day in paying visits to old friends. Those not able to get about alone were escorted by sons and daughters who belong to G. A. R. Auxiliaries. The Woman's Relief corps planted a tree in Miller Park in memory of the late Col. A. T. Ives.

An automobile tour was made of historic sites, among them an office used by Abraham Lincoln when he practiced law, and the hall in which he delivered the legendary "Lost Speech."

The G. A. R. parade, high point of the encampment, will be Wednesday.

**HEAVY RAINFALL**  
Quincy, Ill., May 20.—(P)—Showers here today brought the total rainfall for 20 days of May to 9.51 inches compared with an average of 4.06 inches for the entire month. Weather Observer Henry Brinkoetter reported tonight.

## Unemployed Will Gather At Capital Today and Demand Relief Stations Be Reopened

### P. O. Clerk Fails To Identify His Man In U. S. Court

Peoria, Ill., May 20.—(P)—That fellow who made the remark about three peas in a pod should have been in federal court Monday.

When Ming Poy, a Chinese restaurant employee, was brought before Judge Earl Major on a charge of sending explosives through the mails, defense attorneys produced five other Chinese to stand before the bench with Poy.

"Pick out the man who mailed the package," the state's witness, a mail clerk, was asked.

He couldn't—because all he could see was a row of young men, all wearing brown hats, tan suits and dark shoes.

Assistant State's Attorney James Dille asked that the case be nolle prossed, and Ming Poy went home.

## 'GRASS ROOTS' WILL FURNISH OWN ORATORY

### Convention Speakers Will Be Drafted From Midwest

By Robert P. Howard  
Associated Press Staff Writer

Springfield, Ill., May 20.—(P)—Like the delegates themselves, the oratory is to come from the "grass roots" of the nine states participating in the midwestern republican convention here June 10 and 11.

First concern was given to the housing of delegates as tentative plans were studied today for procedure to be followed at the reorganization meeting three weeks ago.

Harrison E. Spangler of Iowa, chairman of the conference committee, said the speaking program would be fully mapped out for another week. It was definitely indicated, however, that in keeping the convention's "ear to the ground" all the speakers are to come from the "grass roots" delegations.

Major attention is to be devoted to obtaining a cross-section of republican sentiment in the area from Indiana to Nebraska and from Wisconsin to Oklahoma.

Each state is to have five members on the four convention committees—dealing with resolutions, credentials, temporary organization and permanent organization.

There would be a formal platform. Spangler and his associates state, but the report of the resolutions committee will be the official statement regarding the policies of the Roosevelt administration and the republican stand in advance of the 1936 presidential campaign.

Jacob D. Allen of Chicago, general secretary of the committee, today worked on the plans to arrange living quarters—in hotels, pullman cars and rooming houses—for the thousands of persons expected at the June meeting. There are to be from six to ten thousand accredited delegates, with a possibility of additional thousands coming here.

Definite word hasn't been received about an inquiry from Detroit regarding the possibility of a special trainload of Michigan republicans coming to the convention.

Justus L. Johnson of Aurora, Illinois state chairman, said, however, that republicans would be welcome from outside the nine states sending official delegations—Indiana, Wisconsin, Illinois, Minnesota, Iowa, Missouri, Nebraska, Kansas and Oklahoma.

"Party organizations in all states have been invited to send observers to the grass roots conference," Johnson said. "We expect there will be representatives here from all the states."

## MONTHLY WAGES AND HOURS ARE FIXED BY FDR

### Scale Calls For Low Of Nineteen Dollars And High Of \$94

Washington, May 20.—(P)—By executive order, President Roosevelt tonight ranged labor's monthly wages under the \$4,000,000,000 work program from a low of \$19 to a high of \$94 and ordered a general work week of 40 hours on an eight-hour day basis.

The country was divided into four regions for wage purposes with monthly earnings—which the president said should be "in the nature of a salary"—varying in each according to population density. Labor itself was divided into four types—unskilled, intermediate, skilled and professional and technical work.

Fixing of wages and work hours by the president was regarded as removing a major obstacle blocking the first actual expenditures of the \$1,991,000,000 in projects already stacked on Mr. Roosevelt's desk.

His executive order said that preference in the employment of workers shall be given persons on relief rolls and stated:

"The greatest number of states were put in the highest wage group—Region 1. It grouped the New England, middle Atlantic, lake states, mountain and Pacific states and set minimum and maximum monthly salaries at: Unskilled \$40 to \$55; intermediate \$45 to \$65; skilled \$55 to \$85; professional and technical \$81 to \$94."

The next highest group—Region 2—Included Iowa and Missouri. The salaries: Unskilled \$32 to \$45; intermediate \$38 to \$52; skilled \$44 to \$72; professional \$48 to \$79.

"Except with the specific authorization of the works progress administration at least 90 per cent of all persons working on a work project shall have been taken from the public relief rolls."

It further said no person under 16 years should be employed, nor more than one from a family group unless specially excepted.

The lowest salaries were set for Region 4—Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina and Tennessee. The scale: Unskilled \$19 to \$39; intermediate \$27 to \$49; skilled \$35 to \$68; professional \$39 to \$75.

**KILLED BY TRAIN**  
Pana, Ill., May 20.—(P)—Two men were instantly killed when struck by Big Four trains at Pana and Nokomis today.

George Head, 75, was killed by a passenger train this afternoon as he was crossing the tracks to his garden here.

George Smith, 50, a miner, was killed by a freight near Nokomis early in the morning.

**CROWNED QUEEN**  
Evansville, Ill., May 20.—(P)—Shirley Larson of Paxton, Ill., was crowned May queen of Northwestern University today at annual May Day exercises. Miss Larson, a junior, is social chairman of her class and vice president of the Women's Self Government Association.

## ADOLF HITLER HAS SUMMONED HIS CABINET

### Will Obtain Approval Of Conscription Law Is Claim

By Louis F. Lochner  
Associated Press Foreign Staff

Berlin, May 20.—(P)—Adolf Hitler issued a summons tonight for a cabinet meeting tomorrow afternoon before his address to the Reichstag on what the Nazi regime has to offer to alleviate European tension.

Political circles understood Der Fuehrer would obtain final approval for his military conscription law. The propaganda ministry, confirming the call for a cabinet meeting, admitted that the conscription would be discussed "in all probability."

Hitler, buoyed up by demonstrations in his honor yesterday at the opening of Frankfurt-on-the-Main of the first section of a new system of Reich automobile roads, spent most of today writing his speech.

He will again face one of his most critical moments tomorrow night before the largest Reichstag in history.

Although one of the most important, the Reichstag, which now has 699 members, including eight newly appointed deputies from the Saar, was chosen as the forum for Hitler's views.

"You take the initiative," has been Great Britain's constant plea to Germany's leader to alleviate the international tension. We spoke at Stresa and Geneva, now what have you to say?"

Well-informed Wilhelmstrasse circles said London advised Hitler he should content himself with an army of about 350,000 men, thereby allaying fears of German aggressiveness, and join the revised eastern security pact.

Hitler is said to feel, however, that the Reich's entrance into an eastern pact is impossible since France, Russia and Czechoslovakia have entered a military alliance and Lithuania has been friendly to Soviet Russia.

## Families Move From Oklahoma City Lowlands

### Storm Kills 18 And Causes Damage Of \$3,000,000

#### Scale Calls For Low Of Nineteen Dollars And High Of \$94

Oklahoma City, May 20.—(P)—Between 300 and 500 families were being moved out of the Oklahoma City lowlands to escape onrushing flood water tonight as the southwest's storm dead mounted to 18 with damage estimated at \$3,000,000.

Throughout much of the state and in Texas as well, streams were falling and the floods which accompanied tornadoes in a climax to drought-breaking rains surged east and south.

A slow rise in the north Canadian river heralded the reported approach of a 16-foot wall of water here, and relief and rescue efforts were accelerated.

An emergency council of city, county and state forces pushed construction of a tent village in an Oklahoma City Park to house the refugees from the flats.

Crews of workmen were assigned to labor throughout the night transforming the park into a sanitary, police-regulated tent city.

As the southwest floods centered their fury in the region of Oklahoma City, new deaths were reported in southwestern Oklahoma—where flood waters raged over the week-end; in the flood and tornado-stricken north and north-central parts of Texas, and in Kansas.

At Altus, Okla., the finding of two more bodies brought the total known Oklahoma flood dead to six. Five perished in a flood between Altus and Gustine and the other death was recorded near Tulsa when a boy slipped from a bridge into a flooded lagoon.

The death toll in Texas reached 11 when John Pinke, 40, a farmer of Live Oak, drowned after his horse stumbled while fording a creek. A number of other persons were missing in Oklahoma and Texas.

Kansas listed one dead, Clyde Miller, 38, a world war veteran, who lost his life when his automobile overturned into a water-filled ditch near Chanute.

For the refugees' tent city here, 400 tents, 2,800 army blankets and 1,600 cots were obtained from the army post at Fort Hill, Okla.

As the river started to rise northward of the city, preparations were made for speedy evacuation at the Taylor home for boys, should it become necessary.

All police were placed on 12-hour duty and 24-hour call to patrol the area of the city expected to be flooded. The sheriff's office issued similar orders to take care of the area outside the city limits.

**WILL ATTEND COMMENCEMENT**  
Washington, May 20.—(P)—President Roosevelt will attend the commencement exercises of the military academy at West Point on June 12 and present the diplomas to the graduating officers.

He plans to go to his home at Hyde Park, New York, near the academy on the Hudson river, for a few days before the June 12 ceremony.

## Bonus Pleas Fail, Leaders Hope To Pass New Bill At This Session of Congress

### FARMERS VOTE APPROVAL OF AAA PROGRAM

By Clarence M. Wright  
Washington, May 20.—(P)—A suddenly expressed hope for the passage of some sort of bonus legislation at this session of congress was held out today by a chief administration lieutenant, even as President Roosevelt flatly refused to withhold a veto of the Patman bonus bill.

Senator Robinson of Arkansas, the Democratic leader, broke the silence that has surrounded administration leaders concerning possible alternatives to the inflationary Patman measure.

Asserting he would like to see some bonus legislation "worked out and passed" after the Patman bill has been vetoed and killed, Robinson declared he would be glad to "contribute" toward that end.

"But I don't know whether it is possible or not," he added.

The Democratic chief's words were generally regarded as highly significant, particularly in view of the private calculation of another majority leader that 72 senate votes could be marshaled for some more flexible bonus proposal—far more than enough to override a veto.

Along this direct line, a move already had been mapped by senate bonus proponents to attach a rider to some pending legislation, giving the president the alternative of paying the bonus by borrowing, by issuing new money, or by dipping into the \$488,000,000 work-relief fund.

These moves developed as the chief executive listened politely, but unobtrusively, to a plea that he withhold a veto from the Patman bill. The delegation of Patman-ites left the white house more than ever convinced that Mr. Roosevelt would deliver his veto message on Wednesday in person, as planned.

Robinson's statement, made in reply to inquiries by newspapermen, stirred speculation that some compromise other than the proposed three-way choice rider might be contemplated.

Chairman Harrison of the senate finance committee, which handled the bonus issue in the senate, was the author of a compromise measure which he declared the president would approve. It contemplated partial payment of the adjusted service certificates, allowing veterans to receive the present value of their holdings. On a rough average this would amount to about \$770 on a \$1,000 certificate, provided no money had been borrowed on it.

Whether a new effort would be marshaled behind this proposal, for which the senate substituted a full cash payment bill, was not immediately disclosed.

## Lemont Would Settle Debts Under New Law

### Files Bankruptcy Petition In Federal Court Under Section Eighty

Chicago, May 20.—(P)—The village of Lemont, 18 miles southwest of Chicago on the Illinois Deep Waterway, today filed a bankruptcy petition in federal court, seeking financial re-adjustment under section 89 of the amended bankruptcy law.

Lemont's idea of fixing things for the future, which was to be a debt of 60 cents on the dollar, won't work, two authorities on municipal law said soon after the suit was filed.

Attorney Henry Cutler asserted "Lemont may be the first village that's tried bankruptcy under similar circumstances, but I know a water district in Texas was unable to do anything in a like case."

An assistant corporation counsel agreed with Cutler's statement that unless a statute had passed enabling legislation to conform with the national bankruptcy act, a local government could not act.

Lemont's predicament was caused by the fact that only \$200,000 was available to pay \$350,000 in public improvement bonds now due. The town's population is 2,582.

The petition was assigned to Federal Judge Charles E. Woodward, who is expected to hear attorneys for the village within a few days. Village counsel maintained in their petition that the reorganization would insure bondholders a higher yield than possible if the adjustment is not approved.

**Japanese Troops Cross Great Wall**  
Tokyo, May 21.—(Tuesday)—(P)—Japanese troops are crossing the great wall into northern China on an "anti-bandit expedition," dispatches from Peiping and Hsinking said today.

The war office quickly issued a statement, however, that Japan has no intention of occupying Chinese territory and that the troops will return to Manchoukou as soon as the bandits have been punished and dispersed.

Japanese military officials explained that 1,000 "soldier-bandits," recently raiding southern Jehol, had been driven southward to the great wall by the Japanese army and had taken refuge at Tsinghua, inside the demilitarized zone established by the Tangku truce of 1933.

## Bonus Pleas Fail, Leaders Hope To Pass New Bill At This Session of Congress

### FARMERS VOTE APPROVAL OF AAA PROGRAM

#### 16,000 Agriculturists Hear Address By Henry Wallace

Peoria, Ill., May 20.—(P)—Farmers from 95 Illinois counties, estimated by their leaders to number 16,000, responded to Sec. Henry Wallace's attack on AAA foes today with a vote of approval for the law and the amendments asked by the secretary to straighten it.

Leaders of the huge meeting which overflowed the Peoria armory, termed the resolution the answer of Illinois agriculture to recent assaults on the AAA.

Before the vote, the assemblage heard Edward O'Neal, president of the American Farm Bureau Federation and President Earl C. Smith of the Illinois Agricultural Association vigorously assailed critics of crop control.

"The assembled farmers," the resolution said, "emphatically serve notice upon the vested interests protected by tariffs who are opposing the processing tax provisions of the AAA that either the processing tax must be preserved as an effective tariff barrier for agriculture, or the tariff system operating as a protection for industry, must be repealed."

In his address, the secretary termed the processing tax the farmer's tariff and added:

"Farmers will take off the processing tax when industry takes off its tariff."

He made only one reference to reports from Washington that the administration had inspired and paid for the recent farmers march on the national capitol. Condemning "the 'fat boys' from Chicago, Kansas City and Omaha who have exploited farmers in the past," he said: "They think they're entitled to preferential treatment. They go to Washington on many trips."

"And," he added, "the question was never raised as to who paid their expenses."

"What we have got to do is give the big boys a downright good licking," he said.

Smith had introduced Wallace with the words:

"I know of no man more kindly in nature, more honest at heart, or more sincere in his pronouncements."

The Illinois leader charging that an endless flow of money was being used against the AAA program, maintained that the assembled farmers were present in response to a call issued by the Illinois Association for the farmers to "express their own opinions on the AAA."

The attendance at the meeting shows, Smith said, "more forcefully than anything I might say on the subject that x x x we must resist those who perhaps unwittingly would repeal the processing tax, the heart of our program, and with it destroy the power of adjustment and fair prices for farm products, thereby plunging us back into the general business stagnation and despair of two years ago."

## Urges Illinois Bankers To Put Funds To Work

### Member Of Federal Reserve Board Claims Reserves Total Two Billion

Decatur, Ill., May 20.—(P)—M. S. Szymczak, a member of the federal reserve board, today urged Illinois bankers to put idle funds to work through cooperation with the reserve system's program for liberalizing loans to industry.

Speaking at the annual meeting of the Illinois Bankers' Association, the Chicago member of the reserve board, said the banks of the country continue to "have an enormous amount of funds which are not in use" while at the same time unemployment continues on an enormous scale. At present, he stated, excess reserves of the federal reserve's member banks total more than \$2,900,000,000.

Despite appeals from the reserve bank officials, Szymczak said, only about \$88,000,000 in advances had been made out of \$280,000,000 available to reserve banks for industrial loans.

He pointed out that a bank could not under the law extend a loan under "reasonable and sound basis" to established industrial or commercial business in its community and obtain the federal reserve bank's commitment to take over the loan at any time within its period—as long as five years—and thus retain liquidity.

**ELLA JUDD DEAD**

## The Firearms Bill

A bill has been introduced in the  
Illinois legislature to regulate the pos-  
session and use of firearms. It pro-  
vides that all guns in the possession  
of or purchased by citizens must be  
registered. A gun that is kept in the  
house would cost a license fee of fifty  
cents a year. If the citizen takes the  
gun outside or off the premise, he  
must pay a license of \$3 a year. Fire-  
arms dealers must pay an annual  
license of \$200.

This means that honest citizens are  
to have their right to firearms seriously  
curtailed, while criminals will se-  
cure and carry guns anyhow. The  
law-abiding citizen who cannot afford  
to keep a gun in his home or who does  
not want the notoriety of registration  
of the weapon is rendered defenseless,  
a prey to any gunman who cares to  
invade his premises.

Citizens of the state who hunt  
would be taxed an additional \$3 a year  
for that privilege, unless they wish to  
hunt with a club and forego the  
shooting of wild game. An armed posse  
of citizens to pursue bank robbers  
could not be mustered, unless the  
state or county supplied the weapons.  
Any mob which would defy the law  
and arm its members would have the  
citizens of the state at its mercy.

It is doubtful whether the law  
would stand, even if it were to pass.  
The constitution of the United States  
declares plainly that the right of the  
people to bear arms shall not be in-  
fringed. Rigid enforcement of the law  
against gun-toting and carrying con-  
cealed weapons, and a simple regis-  
tration of weapons and owners should  
solve the problem, without additional  
legislation of the sort this bill pro-  
poses.

## A Changed Nature

Before Clyde Osterberg, Chicago  
Movie Operators' Union leader, was  
shot down by gunmen, he was a mild-  
mannered gentleman. But he had  
endured a long fight against racket-  
eering in the union and the resent-  
ment against his enemies swelled  
within his heart. He had controlled  
his feelings and sought to handle the  
situation in a kindly manner.

But enemy gunmen sent two bullets  
crashing into the frontal region of his  
brain. Near death he lay in a hospi-  
tal, refusing to tell officers who shot  
him. Now his nature is chang-  
ing, and if he recovers phys-  
ician say he will be a different  
person. He is argumentative and  
pugnacious, seeking a fight for the  
mere sake of fighting. The subcon-  
scious resentment cultivated by his  
years of fighting for justice, has come  
to the surface and vents itself on  
those who are in no way responsible  
for his circumstances.

This man is a victim of a system of  
racketeering which is cruel and  
merciless. His family and friends will  
also suffer if he regains his health.  
Unaccustomed to the dominating  
nature that is now in control of his  
being, he will no doubt control it  
badly. A nature changed from good  
to evil by a ruthless environment is  
one of the saddest maladjustments of  
human society.

However, this man's life hangs in  
the balance. There is infection in his  
wounds and death may end his misery.  
Whether he lives or dies he is a vic-  
tim of a bad social situation, for  
which all of the people are directly  
responsible and which can be re-  
medied only by a return of old-  
fashioned respect for law, honesty and  
a sense of fair play.

## Three For One

The Soviet government lost a giant  
plane, and 49 Russians lost their lives.  
In a spirit of determination the gov-  
ernment decides to build three planes  
of the same type, but there will be no  
restoring the lives of those who per-  
ished in the accident.

However, the Russian birth rate is  
the largest in the world today, and it  
will not take long to replace the vic-

tims of the disaster with Russian chil-  
dren. In that country life is worth  
less than planes or factories or build-  
ings. It has always been so.

A Russian monarch of the earlier  
centuries was visiting a fellow ruler  
in another country. His host was  
showing him the instruments of tor-  
ture he had devised, the latest means  
of punishing criminals.

The Russian demanded a demon-  
stration of their efficiency, but the  
other ruler insisted he could not tor-  
ture anyone who had not been found  
guilty of a crime. "Then take one of  
my servants for the demonstration,"  
the Russian insisted.

It is little wonder that people are  
allowed to starve and whole provinces  
to become waste under the soviet sys-  
tem when it is administered by men  
with such a background. It will be  
easy to restore the giant planes, and  
the victims of the air wreck may be  
given a state funeral, but life still re-  
mains about the cheapest commodity  
in Russia.

## Ball and Chain

Benton has exhausted its quota at  
the Vandalia State farm. No more  
evil doers can be sent from that coun-  
ty, and the authorities are hard put  
to it to know what to do with the next  
persons who commits a crime.

Benton authorities remember an old  
ordinance, which gives them the right  
to work prisoners on the streets. In  
order to keep them from escaping, the  
prisoners would have balls and chains  
attached to their legs, a very effective  
handicap in any kind of race.

The effect on those who might be  
contemplating departure from the  
straight and narrow path might be  
salutary. Transients who learned that  
those who fell foul of the law in that  
community had to work and drag  
heavy weights about, would avoid the  
town. But the effect on the normal  
life of the place might be rather de-  
pressive.

Ever since we saw "A Fugitive from  
a Chain Gang," we have shuddered  
when we heard chains rattling, and  
the sights and sounds of that south-  
ern prison camp were terrible. At-  
taching chains to the arms and legs  
of human beings seems rather out-of-  
place in an American community, es-  
pecially if the offenders are to be  
kept fettered and at work simultane-  
ously.

## Still Far-To Go

The cost of living seems to be going  
up again. This is especially true of  
food prices, and much of the rise is  
unquestionably due to the processing  
taxes by which the AAA is boosting  
farm incomes.

Before we get too glum about it,  
however, we might remember that  
these costs are still far below the  
1929 level.

Figures just compiled by the Na-  
tional Industrial Conference Board  
show that food prices rose 2.5 per  
cent from March to April, and now  
stand 38 per cent higher than they  
stood in April, 1933. But it is im-  
portant to notice that they are still  
17.7 per cent below the level of April,  
1929.

It is the same with the prices of  
clothing and house rent. The former  
are 24 per cent above the level of  
two years ago, the latter 7 per cent  
above; but clothing costs 23 per cent  
less than it did in April, 1929, and  
rents are 25 per cent below the 1929  
mark.

These increases, in other words, can  
go a good deal farther before they  
reach anything like real boom-time  
levels.

### THE AMERICAN MOOD

The United States is more pacifist  
today than she has ever been in her  
history. The American eagle in the  
old days used to be rather fond of  
screaming, but since the war its  
screams have had no belligerent note.  
The dominant feeling in the United  
States today is that she will be lucky  
in the world as it is, if she can keep  
out of war, that war seems to be ap-  
proaching in Europe and that it is  
possible also in the Far East. The  
rank and file of the American popu-  
lation is inclined to say: "We are not  
liable to be attacked in our own  
country it is not the right policy for  
us to have a navy which will keep  
Europe off North and South America  
and will enable us to maintain a de-  
fensive line in the Pacific which will  
keep us free from the menace from  
Asia also?"—Lord Lothian in Inter-  
national Affairs, London.

## Behind The Scenes In Washington

**Plea for Laws to Make U. S.  
Neutral in War to Be Car-  
ried to Country . . . Navy  
Opposed to Peace Safe-  
guards . . . Admiral Sims Is  
One Sea Warrior Who Sees  
Need of Measures Asked  
by Nye and Clark.**

BY RODNEY WUTCHER  
Journal and Courier Washington  
Correspondent

Washington.—There is strong pre-  
sumptive evidence that if a European  
war breaks out this year, the United  
States will automatically start getting  
into it.

That is why current proposals for  
neutrality legislation seem vitally im-  
portant to most persons here who  
have studied the possibilities and why  
Chairman Gerald Nye and Senator  
Bennett Clark of the munitions com-  
mittee plan to take the issue "to the  
country" in the hope of getting action  
before this session of Congress ad-  
journs—despite opposition from the  
navy.

Nye and Clark will sound off at a  
New York mass meeting where Mayor  
LaGuardia will preside. Clark, un-  
less he changes his mind—and he hard-  
ly ever does that—will take some hot  
shots at what he considers control of  
American foreign policy by the navy  
and the army.

The two senators, who will have  
strong support in Congress, are con-  
vinced this country will be setting out  
on the road to war whenever it starts  
selling contraband and making loans  
to belligerent powers.

**How They'd Keep Peace**  
Study of State Department confi-  
dential records has shown that such  
commerce and finance inevitably  
dragged us into the World War. So  
they have introduced three Nye-Clark  
resolutions as follows:

1. Absolutely no loans or credits,  
private or public, to any foreign nation  
at war or any firm within that nation.  
2. No passports permitting citizens  
to travel to war zones.

3. Shipment of munitions and con-  
traband to be made from these shores  
only at the buyer's risk.

## Navy Stand Is Snag

The navy, which likes to feel that it  
can protect American foreign com-  
merce under any circumstances, op-  
poses any change in our foreign policy.

Months ago, Secretary Hull began a  
neutrality study and after conclusions  
somewhat similar to those of Nye and  
Clark, asked the navy for an opinion.  
The navy's general board was em-  
phatically critical. But Roosevelt, as  
he left for his fishing trip off Florida,  
he left for his fishing trip off Florida,  
he left for his fishing trip off Florida,  
he left for his fishing trip off Florida,

Hull delivered this when the president re-  
turned.

Two days later Roosevelt told Hull  
he guessed he would do nothing about  
the matter this session. He had seen  
navy officials in the meantime.

Presumably he had also realized that  
his desire—and Hull's—for widely dis-  
cretionary neutrality powers probably  
would be denied by Congress, which  
would hold that anything but manda-  
tory legislation—as in the Nye-Clark  
bills—left too much room for playing  
international politics.

## Sims Asks Neutrality

Almost unnoticed, no less a naval  
personage than Rear Admiral William  
S. Sims has declared for neutrality  
laws along the Nye-Clark lines.

Referring to the World War, he says:  
"We claimed the right to trade with  
all belligerents and neutrals because  
we wanted the enormous profits of  
such trade. The war was a golden  
harvest for our people, a get-rich-  
quick chance not to be neglected.

"Let's have Congress declare that  
all trade in contraband, which now-  
adays means nearly everything, must  
be at the risk of the traders. If an  
American ship carrying such supplies  
were sunk by a belligerent, our gov-  
ernment would make no claim.

"The individual trader out for huge  
profits would have to bear the risk  
himself. Let's say:

"It is a choice between profits and  
peace. Our country must remain at  
peace."

## Bare Morgan Secrets

The munitions committee probably  
will hold no more hearings before fall.  
Then it will take on the J. P. Morgan  
company, bankers and agents for the  
Allies before and during our partici-  
pation in the war.

Investigators, armed with knowledge  
that it was vitally important to the  
Morgan company that this country  
engage in that war, are plowing  
through the firm's records.

They receive only reluctant assis-  
tance and are in frequent disagree-  
ments as to whether certain docu-  
ments come within their purview.

But they say privately that already  
they have found enough material to  
have made the search worthwhile.

## Franklin's Dry Vote in April Election Upheld by Circuit Court Judge

No more "big" ones or "short" ones will be served up  
in the beer emporiums at Franklin, for the alcoholic refresh-  
ment business in that village was dealt a death blow Monday  
in circuit court, when Judge Walter W. Wright dismissed a  
petition brought by several dealers, contesting results of the  
election April 19 when Franklin citizens voted dry.

The petition contesting the election  
was filed several weeks ago by Rus-  
sell Hall, A. C. Kidd, Ray Jones, Wel-  
don Tranbarger and Reuben Jones,  
directed against the Village of Frank-  
lin. The petitioners alleged that there  
were irregularities in the elec-  
tion call, and that 25 per cent of the  
legal voters of the village did not  
sign the petition to call the election.

The petitioners were represented by  
Attorney E. Etter of Waverly. Rev.  
J. A. Biddle of Franklin, who recently  
filed a petition to have the complaint  
dismissed, was represented by At-  
torney Carl E. Robinson.

Attorney Etter contended that  
numerous names did not appear in  
proper form on the election petition;  
that the six sheets of the petition  
were not fastened together or filed  
with the county clerk; that not 25  
per cent of the village vote was re-  
presented in the signatures.

The validity of the election was up-  
held by Attorney Robinson, who  
stressed the fact that the people of  
the village voted dry.

Judge Wright ruled that the results  
of the election were not questioned  
in the petition, and therefore dis-  
missed the complaint. He said the  
State Supreme Court has ruled that  
in a case of this kind the results of  
the election are to be accepted above  
preliminary events. The question of  
the result was not raised, the court  
said.

## DeFreitas-Souza Wedding Revealed

**Jacksonville Couple were  
Married in Granite  
City on May 11**

Mr. and Mrs. Henry A. Souza of  
R. R. No. 3, Jacksonville, announce  
the marriage of their daughter, Ber-  
nadin, to Loren T. DeFreitas of this  
city. The marriage ceremony took  
place on May 11, in Granite City, at  
the home of Rev. Sanders. The young  
couple were attended by the groom's  
cousin, Mr. and Mrs. Amos Nunes of  
St. Louis, Mo.

Mrs. DeFreitas is well known in  
this city and attended the local high  
school.

The groom is the son of Mr. and  
Mrs. Thomas M. DeFreitas of this city,  
and attended the public schools here,  
graduating from the Jacksonville high  
school with the class of '30.

The young couple will reside in the  
city at the present time. Their many  
friends wish them much happiness.

## Find Roodhouse Man Dead Sunday Along Alton Track

**Jury Says Heart Trouble Was  
Fatal to W.C. Carmean:  
Taps for Veteran**

Roodhouse — William C. Carmean,  
52, was found dead at 6:30 o'clock  
Sunday morning along the Alton  
right-of-way here. The body was dis-  
covered by W. S. Scott and Charles  
Seever, and was removed to the W.  
G. Reeve funeral home.

Coroner Russell Shields, of Green-  
field, held an inquest Sunday after-  
noon, in which the jury returned a  
verdict of death by angina pectoris.

Carmean was last seen about 11  
o'clock Saturday night along the tracks  
by two youths, Paddy Wyatt and Allen  
Stauffer. Examination showed that  
he had been dead since midnight. He  
was a coal miner by occupation.

He is survived by two sons, Glenn  
and Clarence Carmean, of this place,  
and a daughter, Mrs. Helen Dawdy, of  
Winchester, also a brother, Harry, and  
a sister, Mrs. Scott, both of Roodhouse.

Members of the coroner's jury were  
Fred and Elsiea Newingham, Joe  
Bown, Edgar Brickey, Manley Jones  
and Otto McGinnis.

## War Veteran Dies

Roscoe Christian, 40, a resident of  
Roodhouse, died Sunday at a veteran's  
hospital in Milwaukee. He was a  
soldier in the World War.

The remains arrived here Mon-  
day evening and were taken to the  
George Bundy funeral home. The  
Roodhouse Legion post will conduct a  
military funeral at 2:30 o'clock Tues-  
day afternoon in Fernwood cemetery.

Decedent is survived by a sister,  
Mrs. Burrus, of Bloomington, and  
three aunts, the Misses Beatie and  
May Christian, of Jacksonville, and  
Mrs. Edna Ferguson Dill, of Spring-  
field.

To the Editor of The  
Jacksonville Journal:  
Sacramento, Calif., May 20.—That  
was a terrible thing about that big  
Russian plane. I saw it when I was  
there. They said themselves over  
there that it had never been over  
there as far as flying goes, but  
Russia is just at that stage like we  
used to be where they want the "big-  
gest" of everything. So it made good  
"reading" when they would write how  
big it was. It was a warehouse with  
six engines on it they could jack it  
up and get it above the field in Mos-  
cow. But I don't think it had ever  
been out of town. The great sport in  
Russia is parachute jumping. They  
used to take half the town up in this  
and let 'em jump. But don't get the  
impression that all the planes there  
can't get out of town. It's the most  
air-ambitious nation in the world, and  
those old "Rushions" can fly.

## DELESS FUNERAL IS HELD HERE SUNDAY

Services for the late Mrs. Sarah  
Deless were conducted Sunday af-  
ternoon at the A. G. Cody and Son  
Memorial Home, with Rev. Harry  
Lothian of the Northminster Pres-  
byterian church officiating.

Three vocal numbers were ren-  
dered by Mrs. Clyde Vasconcellos and  
Mrs. George Correa, with Mrs. Geo.  
Ferreira as accompanist.

The floral tributes were in care  
of Mrs. Vina Thomas and Mrs.  
Letha Munis.

Interment was made in Jackson-  
ville cemetery, the casket bearers be-  
ing John Baptist, George Correa,  
Walter Corcor, Joseph Baptist, New-

## BURGLAR ALARM DOES NOT WORK; CHICKENS STOLEN FROM HOUSE

It is not a question of who broke  
the lock on the hen house door, but  
a problem of who put the burglar  
alarm out of commission.

Mr. and Mrs. James Majors, 1003  
Cox street, reported to police Sunday  
morning that thieves had taken four  
hens and a rooster from a shed at  
their home. The poultry shed was  
protected by a burglar alarm, but the  
bell failed to ring.

Investigation showed that the  
thieves were fairly familiar with the  
arrangement. They pulled loose a  
wire regulating the

## My Cookery News Notes

By LUCILE HARRIS

Editor's Note: "Cookery News Notes" is a new feature of this newspaper, and will be followed with interest by our women readers. The writer is Lucile Harris, staff member of the National Live Stock and Meat Board, recognized authority on cookery of all kinds and especially meat cookery and the planning of meals around the meat course. Experimental cookery has developed a good deal of new information about cooking meat, which is contrary to old ideas. This series of articles will give our readers this new information in helpful form, and will also give a series of excellent recipes and suggestions for serving the meat course of the meal.

### A LARGE ROAST AND A SMALL FAMILY

"But what will I do with it after the first meal?" is the frequent wail of the woman with a small family when she is confronted by a man-sized roast. She knows that a satisfactory roast must be one of the right proportions or it just won't be a nice roast at all. One of the reasons why the meat animals of today are smaller is that they yield roasts of the right shape but of less poundage than the meat animals produced in the olden days. But even at that many women let their families go roastless because the left-overs are a problem. And yet, left-over meat in the refrigerator may be a blessing in disguise because so many savory and quickly prepared "made dishes" are possible with a little ingenuity and a dash of this and a pinch of that.

### Secret of Success.

Of course the secret of success with any left-over meat dish is to remember always that the meat has been cooked; it doesn't need to be cooked any more—just warmed thoroughly. Then, too, it should be made as different in appearance as possible. Left-over meat in the refrigerator may be a blessing in disguise because so many savory and quickly prepared "made dishes" are possible with a little ingenuity and a dash of this and a pinch of that.

### John Criswell Will Be Honored May 25 By American Legion

Civil War Veteran Now 90 Years Old; Exercises at Appalonia

John Criswell, 90-year-old Civil War veteran, the only surviving member of the Waverly post of the Grand Army of the Republic, will be honored at special services to be held next Sunday afternoon, May 26, at Appalonia church located between Franklin and Waverly. The ceremonies in recognition of Mr. Criswell's patriotism will be in charge of the Waverly American Legion post and auxiliary.

Mr. Criswell is the father of Mrs. J. N. Deatherage, 1256 South Main street, and is a frequent Jacksonville visitor. He is in good health and remains active despite his years.

Mr. Criswell was born in Morgan county on November 1, 1844, and has always been a resident of this county. For the last thirty years he has resided near Appalonia, two miles southwest of Waverly.

He and Miss Hannah Hall of Hart-

land were married in 1870 by Rev. William Hart, and she died in 1877. They were the parents of two children, Mrs. Clara Deatherage of Jacksonville and Edgar Criswell, with whom Mr. Criswell makes his home.

**In Four Engagements**  
The veteran served in the Civil war for almost two years and was in four engagements, three in the state of Mississippi and the other in Louisiana. He was never wounded nor seriously ill and spent no time in the hospital during his time of service. He missed but one morning roll call.

He is the last survivor of Company K, Second regiment of Illinois artillery, serving as corporal at the time of his discharge on July 17, 1865, in Chicago at the close of the war.

Mr. Criswell has been in very good health and has attended several national encampments of the G.A.R., including those at Chicago, Washington City, and Springfield. In all the years following the war he has never missed a Memorial Day service.

**HERE FROM CHICAGO**

Mrs. Harold Anderson of Chicago, who was formerly Miss Grace Potter of this city, is here for a visit at the home of Dr. and Mrs. C. E. Scott.

Mrs. Charles W. Monson of Lacon, Illinois spent Monday here visiting with friends.

**GOOD NEWS!**  
Most of the pleasant things in life are doubly pleasant when you're "in condition." That's why it's such good news to hear that Camel's costlier tobaccos are so mild you can smoke all you please. Athletes say Camels never get your "wind."

## "THEY DON'T GET YOUR WIND"

### ATHLETES SAY

Of course you want mildness in a cigarette. And the athletes—to whom "wind," healthy nerves, "condition" are vitally important—insist on mildness. Lou Gehrig, baseball's "Iron Man," says: "Camels are so mild they never get my 'wind.'"

George Barker, intercollegiate cross-country champion, says: "Camels are so mild, they don't cut my 'wind' in any way." Bobby Walthour, Jr., star of the six-day bike grinds, says: "I've got to have 'wind' in bike racing. For my cigarette I long ago chose Camels."

Tommy Armour, speaking for golf, Bruce Barnes for tennis, and Betty Bailey for the aquatic sports—all agree: "Camels don't get your 'wind.'"

**What this mildness means to you!** It means you can smoke as many Camels as you please. Athletes say Camel's costlier tobaccos never disturb your nerves—never tire your taste—never get your "wind."

## Brilliant Playing and Hard Hitting by Cavaretta and Jurgess Win Game For Bruins

Chicago, May 20.—(P)—Cracking off four double plays and making three hits apiece, infielders Bill Jurgess and Phil Cavaretta led the Cubs to a 5 to 0 triumph over the Boston Braves in the opening game of the series today.

Backed by the excellent fielding, Louisiana Bill Lee pitched a six-hit shutout, allowing only two Braves to get to second base and none past that point.

With Jurgess contributing a pair of doubles and Cavaretta two singles, the Cubs bunched seven hits to score all their runs off Dutch Brandt in the second and third innings. Bob Smith then shut them out with three hits in the last five innings.

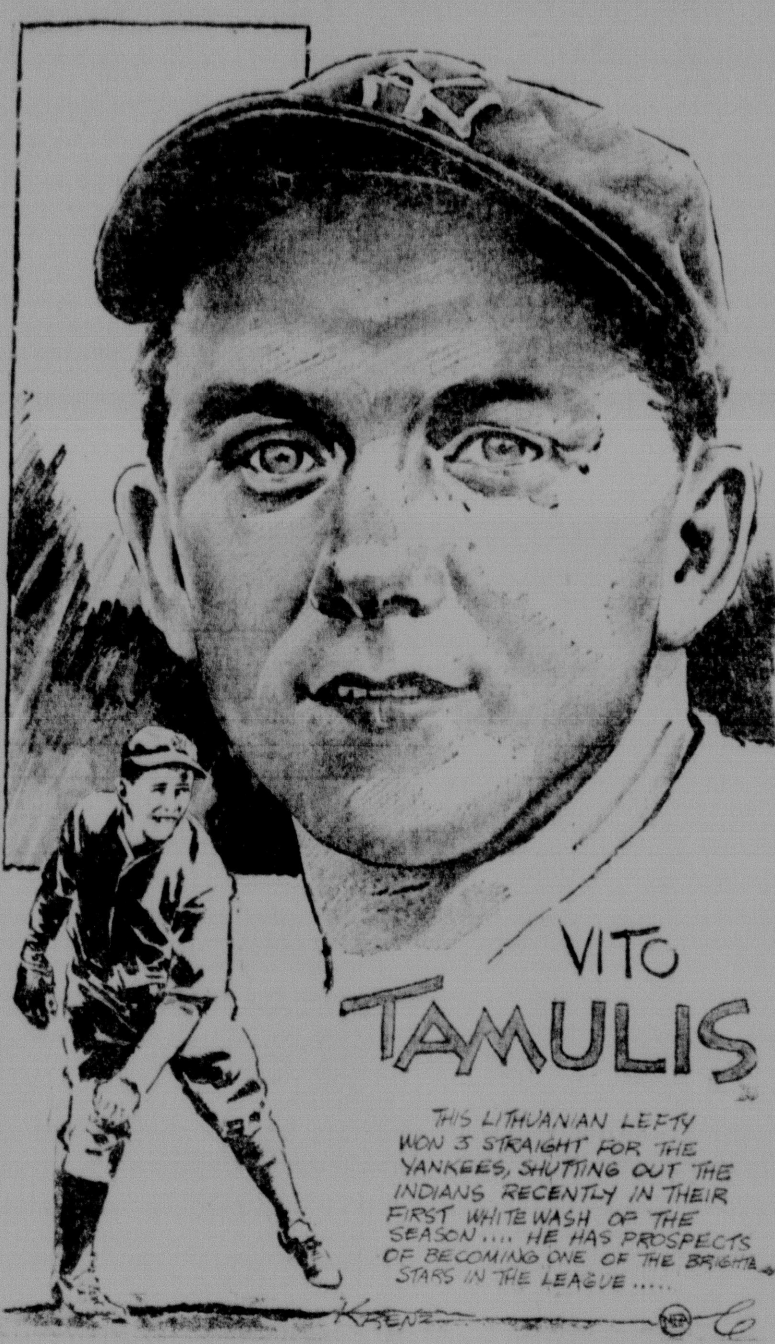

The defeat thudded the Braves into the cellar.

Babe Ruth, making his first appearance in Chicago as a National Leaguer, played left field during the game.

## Pirates Swamp Giants 11 To 4

Pittsburgh, May 20.—(P)—Banging out eight extra base hits, including a homer by Forrest Jensen, five triples and two doubles, the Pittsburgh Pirates overwhelmed the New York Giants 11 to 4 today as Red Lucas started and won his first game of the season.

While Lucas was blanking the league leaders with three hits the first eight innings, the Pirates jumped on Carl Hubbell for five runs and six hits in the first four innings and then continued their battering at the expense of Allyn Stout and Frank Gabler.

Jensen's home run came in the eighth with Gabler on the mound, to score the Pirates' final two runs. Before that blow, however, Floyd Young drove out two triples and Arky Vaughan, Paul Waner and Tommy Thevenow added one each. Three of the triples came in the fifth when the Bucs counted three times.

The Giants' ruined Lucas' hopes of scoring a shutout when they pounded out five hits in the ninth, which with the aid of Vaughan's error gave them all of their runs.

## Three Teams Still Tied For Ball Lead

Chicago — (P) — Northern Illinois College, leading the Illinois Intercollegiate Conference baseball race with five straight defeats, has a chance to increase its margin this week at the expense of two ranking clubs, Elmhurst and Wheaton.

The northern outfit pushed ahead last week by a 12 to 3 victory over Wheaton Monday, and a 5 to 2 decision over North Central, the 1934 champion, on Friday. Northern meets Elmhurst, which has won two of its five games, at Elmhurst tomorrow, and goes to Wheaton Friday. Wheaton has lost five straight conference games.

Illinois College, in second place with three straight victories, and Western Teachers, winner of its only conference game, were rained out of chances to improve their records last week. State Normal remained in the battle by defeating Eastern Teachers, 4 to 3, for its fifth victory in six games.

## Senators Beat Browns 8 To 2

Washington, May 20.—(P)—Battering three St. Louis pitchers for ten hits, Washington today defeated the Browns 8 to 2 in the first game of the series.

The Senators scored five runs in the fifth on three hits, three walks and an error. A pair of walks and three successive singles put across the three runs in the eighth.

The Browns scored in the fourth when Cliff reached base on Travis' error and scored on a passed ball by Bolton. Three singles netted them another run in the eighth.

## Tigers Trounce Athletics 8 To 6

Philadelphia, May 20.—(P)—After the Athletics had put on a two-run rally in the ninth to tie the score at five-all, Detroit came back with three runs in the eleventh to win the series opener today, 8 to 6.

The game was featured by four home runs, Fox, Greenberg, Johnson and Fox blasting round trippers.

The Tigers scored their winning runs off Caster, who pitched the final inning after Dietrich went out for a pinch hitter.

## Whitehead, Blanton Named Best Rooks

Chicago — (P) — Johnny Whitehead of the White Sox and Pittsburgh's Cy Blanton, a pair of pitchers who have been making a lot of good hitters look like so many wooden Indians, today were named the prize rookies of 1935 by the major league managers.

Twenty-two rookies, a large majority of them from the south and west, were named by the pilots as the most likely to stick and go on to stardom. The bloom in the spring and fade in the fall, but the 22 were classes as hardy perennials with strength and ability to endure the rain and dust storms of baseball.

The American League outplayed the National, 12 to 10, in the poll taken by the old professor of the Associated Press with the White Sox and Athletics landing three rookies each. Including Blanton and Whitehead, the following were named:  
Vernon Washington and Ray "Ripper" Radcliff, White Sox outfielders; Louis Berger and Roy Hughes, Cleveland infielders; Roy "Beau" Bell, St. Louis Browns, outfielder; Joe Sullivan, Detroit pitcher; first baseman Ellsworth Dahlgren, Red Sox; south-paw pitcher, Vito Tamulis, Yankees; pitcher, Vernon Wilshire; first base man, Alex Hooks, and outfielder, Wallace Moses, Athletics; second baseman, Alex Kampouris and outfielder, Ival Goodman, Cincinnati; pitcher Clyde Castleman and outfielder Henry Leiber, Giants; outfielder Terry Moore, St. Louis Cardinals; pitchers Jim Bylin and Orville Jorgens, Phillies; first baseman Phil Cavaretta and outfielder Augie Galan, Chicago Cubs.

## Indians Scalp Red Sox 4 To 1

Boston, May 20.—(P)—With Oral Hildebrand pitching effective ball to register his second victory of the season, the Cleveland Indians defeated the Boston Red Sox 4 to 1 in the series' opener today.

The victory coupled with the defeat of Chicago, reduced the White Sox' margin over the Indians to one and a half games.

The Sox got to Hildebrand for nine blows, but the Cleveland right hander scattered them over as many innings and but for Rick Ferrell's homer in the sixth would have scored a shut-out. Bob Grove pitched good enough ball to win most games. Rube Walberg, pitching the last inning, was touched for three hits and the Indians' last two counters.

## Ward May Not Run In Big Ten Meet

Ann Arbor, Mich.—(P)—Willis Ward, Michigan's big Negro athlete who is a one-man track team in his own right, may not recover from injuries in time to participate in the Big Ten meet here Friday and Saturday.

Injured in a 100-meter trial heat at the Penn relays, Ward has been working out, but has not been putting on the pressure that will be required if he is to pace the Michigan squad in its drive to recapture the title it lost to Illinois last year.

Coach Charlie Hoyt, who knows the answer, if there is any, has had nothing to say about the condition of the Wolverine pace setter.

Ward as a sophomore two years ago, scored three firsts and a second for 18 points in the Big Ten meet. Last year he injured himself and with his collapse went the hopes of the whole Michigan team. Picked to win, it finished a poor third.

## New Yorkers Lose Argument With Umpire But Have Easy Time Winning From Chicago

By Alan Gould  
Associated Press Sports Editor  
New York, May 20.—(P)—The Yankees lost an argument but won a ragged ball game today at the expense of the league-leading Chicago White Sox.

The New Yorkers made good use of their ten hits off southpaw Carl Fischer, taking his first start for the Sox, and easily captured the first game of the series, 7 to 2.

Johnny Broaca, the bespectacled alumnus of Yale, throttled the burly looking visitors in the pinches, leaving thirteen men stranded on the bases, and also was the cause of the day's big debate.

The Yankees protested with such violence when umpire Bill McGowan called a balk on Broaca, in the seventh, that catcher Bill Dickey was ejected for using abusive language and pitcher Johnny Allen was banished from the bench for banging the front of the dugout with a bat.

The argument, led by manager Joe McCarthy and captain Lou Gehrig, lasted nearly ten minutes but had no bearing on the ultimate outcome. The Sox pushed over one run, after Broaca's balk advanced two runners to second and third, but otherwise proved impotent with men on base. They filled the bases twice in the second and sixth, with only one out.

### MISS CLOANN BOND ELECTED TREASURER OF STATE SORORITY

Miss Cloann Bond of 819 West College, Jacksonville, was elected state treasurer of the Alpha Delta sorority at the fourth annual convocation in Peoria, May 18 and 19. Miss Bond is a member of the Brown's Business College chapter in this city.

The local delegates report a most enjoyable time at the convocation. The Saturday night banquet and dance were held in the Red room of the Jefferson hotel.

State officers were elected and installed at a breakfast Sunday morning at the Peoria Country club. Officers: President, Eleanor Cadigan, Springfield; vice-president, Harriet Allen, Peoria; secretary, Frances Wells, Springfield; treasurer, Cloann Bond, Jacksonville; historian, Dorothy Carlson, Galesburg.

An invitation was extended to the state sorority to hold its convocation in Jacksonville in 1936.

### Windstorm Insurance

It is certain that many communities will suffer severe loss and damage from windstorm before the year is out.

Scientists state that no section is immune. This would indicate that windstorm insurance should be maintained on buildings, regardless of situation, against this hazard.

The protection can be had at surprisingly low cost. Protect yourself now.

These various events were in charge of James Fry and John Baptist, who have been club leaders during the past year. The last meetings of the clubs are to be held this week, on the regular meeting nights, in the various grade schools.

### Advance Small Sum For Relief in Jersey

Unemployed Men Gather in  
Front of Supervisor's  
Home Saturday

Jerseyville—A special meeting of city officials and township and county officers was held Saturday afternoon at the city hall to discuss the existing situation regarding relief clients in Jersey Township.

A demonstration had been staged before the home of Supervisor A. F. Mizel Saturday morning on East Arch street by a group of some thirty men whose families were reported as out of food.

During the meeting the city council voted to advance one hundred dollars from its general fund and the township agreed to advance one hundred and fifty dollars.

It was agreed that Supervisor A. F. Mizel should issue the orders for food and only staple foods such as potatoes, flour, beans and meat should be purchased.

Verdict of Suicide

A verdict of suicide was returned in the death of Fred B. Wilcox, Jerseyville shoe repair dealer, at an inquest conducted by Coroner William E. Hopper at the Jacoby Brothers establishment.

Perry Sunderland and Ira Schroeder who found the body were the only ones to testify. Their testimony consisted chiefly of the facts relative to making a forced entry into the Wilcox shoeshop and seeing the body hanging in a small shed at the rear of the place of business.

The verdict was as follows: "Fred M. Wilcox came to his death by strangulation caused by hanging himself by a rope by his own hands. Suicide."

The members of the jury were U. B. Sowell, foreman, Harry Redlich, J. H. Abeln, Harry Coop, Thomas Arter and John W. Horn.

### Frances O'Donnell Will Become Bride Of Pryor Bossarte

Approaching Marriage is  
Revealed at Prettily  
Appointed Party

One of the most delightful of the spring social events was the tea given Sunday afternoon by Mrs. L. F. O'Donnell to announce the approaching marriage of her daughter, Frances, to Pryor Bossarte on June 17.

Miss O'Donnell is the daughter of Mr. and Mrs. L. F. O'Donnell of 538 S. Diamond street and Mr. Bossarte is the son of Mr. and Mrs. J. E. Bossarte, 1222 S. Main street. Both Miss O'Donnell and Mr. Bossarte have many friends in Jacksonville who will be interested in the wedding news.

Mrs. Bossarte and Mrs. Julia Graef presided at the tea table which was beautiful in its appointments. The centerpiece on the table announced the marriage. This was unusual in its artistic arrangement, which included a miniature bride and groom standing beneath a white bower. Two hearts shot with an arrow were fastened to the bower, with the names and date on them. This bower stood before a background of tea roses, lilies-of-the-valley, ferns and white tapers, arranged in graduated table candelabra.

Candle light was used in the dining room making a lovely setting. Spring flowers were used in profusion throughout the rooms of the house.

An appropriate musical program given by Mrs. Francis Plouer and Miss Rhoda Olds, following the announcement was greatly enjoyed by the twenty-five guests, including relatives and intimate friends.

### Griggsville Couple Wed at P. R. Briggs Home Sunday Night

Miss Margery Sawyers and  
Loraine Wade Married by  
Rev. F. A. Havighurst

Loraine Wade and Miss Margery Sawyers both prominent young people in the Griggsville community, were united in marriage at 10 o'clock Sunday night at the home of Mr. and Mrs. P. R. Briggs, 1140 South Main street. Rev. Freeman A. Havighurst officiating. They were attended by Mr. and Mrs. Raymond Bickie of Meredosia.

The bride is the daughter of Mr. and Mrs. Guy Sawyers of Griggsville. She is a graduate of the high school in that community, and for the past two years has been teaching at Walnut Grove school in Pike county. She spent a year as a student at Culver-Stockton college at Canton, Mo., and another year attending the Western Illinois Teachers' College at Macomb.

The groom is the son of Mr. and Mrs. Jesse Wade of Griggsville. He graduated from the high school there and attended the University of Illinois. He is now proprietor of a grocery store in Griggsville, and is one of the rising young business men of the community.

### FORMER JACKSONVILLE NEGRO HAS BEEN IN STATE JOB 33 YEARS

Emmett E. Perkins, colored, will have established a record of being stationed as a messenger in the governor's office continuously for thirty-three years when next Thursday arrives.

Perkins, who was given a position in the governor's office by Governor Richard Yates, is one of the most familiar figures at the state house. Born October 24, 1871, at Louisiana Mo., Perkins came to Illinois in 1897. He settled in Jacksonville, where he worked as a barber until Governor Yates picked him for a messenger in his office in 1901. Since that time he has served in the governor's office without a break between administrations. He goes about his work today just as diligently and as faithfully as he did when first appointed. He has nothing but praise for Governor Horn, whom he says is "a wonderful man."

### Ministers to Talk New Time Changes

Proposed Summer Schedule  
of Morning Services to  
Be Considered

Members of the Jacksonville Ministerial Association will meet at 10:30 o'clock Wednesday morning to consider the proposed change in time of morning services in the city during the summer. There is a movement on foot among some of the ministers to adopt a schedule which is new to the city.

They propose that morning church services be held at 8:30 a. m., to be followed by the Sunday school at 9:30 o'clock. It is claimed this arrangement would give the people the opportunity to go to church in the cool of the day and would leave the remainder of the day free for whatever recreation and visiting might be desired.

Last summer the schedule of morning services was moved forward a half hour, Sunday school being held at 9 o'clock and church at 10, which enabled the churches to dismiss an hour before noon. This arrangement is said to have worked out satisfactorily in several of the churches.

The new experiment, it is said, has been tried with success in several communities. It will likely be submitted to the various churches here. It has already been taken before several church boards.

### HARRY FERNANDES ILL

Harry Fernandes, 1320 South Main street, who has been slowly recovering from a serious operation performed several months ago, is again confined to his home by illness.

Mr. Fernandes has been in poor health for sometime but his friends hope he will soon be active again in the business district.

To 20 Cents Up

Chicago, May 20.—(P)—Stimulated by a broader demand for fresh pork in face of moderate receipts, the hog market today was 15 to 20 cents higher than at the close of the week. Receipts were 13,000, including 6,000 direct to packers.

All regular buyers were active. A top price of \$9.75 was paid in early trading for medium weights. This is the highest figure since March. Most good hogs sold at the narrow range of \$9.40-80.

Receipts of cattle were 13,000, which was 3,000 more than a week ago. Fed steers and yearlings at the close were slow and unevenly steady to 25 cents lower. Liberal water filled animals tended to sharpen the downturn. She stock was mostly steady to weak. Good cows were 25 cents lower in instances. Bulls held strong and vealers steady to weak.

Sheep closed unchanged with clipped lambs mostly 15 to 25 cents higher. Spots were up 35 cents.

While the average cost of fat lambs on a shorn basis at \$7.95 was 50 cents higher than a week ago, values were lower than a year ago. The margin between spring and old crop lambs was \$1.00 wider a year ago than at present. Receipts today were 9,000.

Stock Market  
Is Colorless

By Frank Mac Millen  
New York, May 20.—(P)—Substantial gains in a high-priced industrial and some specialties touched up an otherwise rather colorless stock market picture today.

Stock exchange business dropped to only about half that of the last previous full session, with a turnover of 971,570 shares. Taking the list as a whole, gains about balanced losses.

Communication shares were an exception. A considerable following developed in this division, as for example, Radio preferred "B" and Western Union were leaders, and American Telephone, which suffered from late profit-taking, was up more than a point at times. International telephone was active at fractionally improved levels.

Wall street commentators offered a number of vague explanations of the liking which traders showed for the wire companies. Increased stock market volume has brought a little pickup in telegraph and telephone business, it was pointed out. As for Radio "B," there has been considerable financial gossip that action was in the offing to make dividend payments on account of accumulations. Some well informed quarters, however, said that such a step was not likely at the directors meeting scheduled for Saturday, even though it might be taken later.

In addition to the communications the bulk of active trading was concentrated in a scattering of issues which included Sperry Corp., Bridgeport Brass, Columbia Pictures Certificates and Fox Film, all at new highs for 1935. Anaconda was a little reactionary on brisk volume.

## White Hall Reports May Rainfall More Than Seven Inches

Rainy Season Continues in Greene County: River at Pearl 19.2 Feet

White Hall—During the month of May up to and including Sunday the 19th there has been 7.45 inches of rainfall in White Hall. The average for this vicinity is 4.42 inches. The greatest rainfall in any one day this month was 1.44 on the 14th, according to records kept by Glen Vandever, co-operative observer.

John Jones, ferryman at Pearl reported Sunday evening that the Illinois river had risen one-tenth of a foot during the twenty-four hours preceding. However the river had been falling previous to that. The stage Sunday night was 19.2 feet. The highest this season was 19.05.

Several farmers who are working in the bottom land protected by government levees had moved their tractors and plows out of the bottom lands. Two or three families had also moved out to higher ground until danger of flood waters was past. Mr. Jones family, including his wife and daughters had gone to Alton to visit with relatives for a few days, expecting that Mr. Jones and son, Verne are staying with the ferry.

The Jones family live in a house on the tip of the levee and the water was near the floor of the house

several days ago. A high wind could cause the water to wash the levee and endanger the house.

### Entertain Church Class

Miss Ida Kendall and Mrs. R. S. Worcester were hostesses to the Miss Mary Ellis class of the Presbyterian church at the home of Mrs. L. L. Seely, Friday afternoon. There were seventeen ladies present. A feature of the entertainment was a vocal solo sung by Miss Henrietta Guillette with piano accompaniment played by Miss Mildred Morrow. A letter from Mrs. Edward North of Houston, Texas was read to the class. Mrs. North also sent the class a nice box of candy.

Mrs. Frank Griswold entertained the members of the 4-19 class of the First Baptist church at her home on West Franklin street Friday evening. There were twenty-four ladies present. Mrs. Griswold was assisted by Mrs. Americus Seely and Mrs. Roy Dugger. Mrs. A. M. Nevius led the devotions.

Mrs. Ward Hull put on a unique entertainment stunt which was much enjoyed. She called her stunt, A Double Wedding. She was attired in a costume so that when she turned one side to the audience she represented the groom and when she turned the other side there stood the bride. She went through the entire wedding ceremony alternating the groom and the bride. This was also the annual Dollar Day social and the members presented their earned dollar and told in rhyme or pantomime how the dollar was earned. There was nineteen dollars turned in.

Matrons' Club Meets

Mrs. Wayne Ross entertained the Lorton Prairie Matron club at her home on East Lincoln street in an all day meeting Friday. There were thirty present including children—

fourteen members and five guests. The guests were Mrs. Merle Ross, Mrs. William Barnett, Miss Lou Bricky, Mrs. Carl Lorton and Mrs. Harry Nash.

Miss Eleanor Mulberry of Chicago, Miss Nellie Mulberry and Mrs. Leslie Grigsby of East St. Louis drove up from East St. Louis and spent Saturday and Sunday with Mrs. L. O. Goodrich on North Main street. Robert Campbell accompanied them back to East St. Louis to remain until Monday.

## Methodists Will Honor Dead Pastors

Services Will Be Held Next Sunday Afternoon at Centenary Church

The Methodist churches of Jacksonville will unite in a memorial service for the deceased Methodist ministers and ministers' wives, who have been buried in this city. The service will be held in Centenary church next Sunday at 3 o'clock p. m. The Rev. McKendree Blair will preside, assisted by the other Methodist pastors of the city.

The Rev. George Scrimger will give the address and Prof. Metcalf will have charge of the music. The full program will appear later in the paper. Especially, let all Methodists come out and honor themselves as they honor the memory of these noble men and women. The general public is also cordially invited to attend. Forty-seven ministers and wives of ministers are buried in our borders, whose names will be read at the service.

### LAST RITES SUNDAY FOR MRS. EDITH KING

Funeral services for Mrs. Edith King were held at 2 o'clock Sunday afternoon from the Reynolds Chapel, in charge of Dr. M. L. Pontius.

Music was furnished by the Misses Frances Moxon, Wilma Ross, and Frances Kemp. Gertrude R. Reynolds was at the console of the pipe organ. The floral tributes were cared for by Mrs. Ralph Cowger.

Casket bearers were James Bossarte, Charles Sanders, LeRoy Craig, Lee Stice, Lloyd Ross, and Ralph Cowger. Interment took place in Diamond Grove cemetery.

### Centenary Church Notes

Perhaps the most unpleasant weather for the year was registered Sunday and the general attendance of all services were reduced. However, the regular morning worship was almost up to the usual attendance. Rev. Blair brought to his congregation a challenging sermon on "Anoint Thine Eyes." The text was Rev. 3-18. The speaker emphasized that God could be found in the beauty of the world about and in the lives of each individual. Personal introspection was always advisable but the greatest opportunity for finding and seeing God was in the life of Jesus and a study of the Bible.

Miss Wilma Range was the soloist, beautifully rendering "Grant Me Dear Lord Deep Peace of Mind."

Another added feature of the service was the singing of Hubbard Harris from one of the schools of the Methodist church in the south. He is a graduate of the Boston Conservatory of Music and has won a scholarship to study in Naples, Italy. He was given a special offering.

The finance committee is making an appeal to all members and friends of Centenary church to meet the obligations of the church. While on the whole they are better than last year, a special effort must be made the coming months to close the year with all debts paid.

Wednesday, 7:30 p.m., prayer meeting. Friday, 7:30 p.m., choir practice.

On Tuesday evening, May 28, the third quarterly conference with the Jacksonville group in joint session will be held at Centenary church. There are eight charges in this group and each will be represented in this meeting by the pastors and members of these respective charges. This will be preceded by a supper at 6:30 p.m.

### SIXTY CHICKENS STOLEN

Sixty White Rock chickens were stolen from a farm near Virden, in Macoupin county. The Morgan county sheriff's office was notified and furnished with a description of the chickens.

Friday, 7:30 p.m., choir practice.

On Tuesday evening, May 28, the third quarterly conference with the Jacksonville group in joint session will be held at Centenary church. There are eight charges in this group and each will be represented in this meeting by the pastors and members of these respective charges. This will be preceded by a supper at 6:30 p.m.

## Postpone Election on Bond Issue; Talk New Water Plant Program

Postponing the scheduled election on the \$150,000 bond issue from June 11 to Sept. 10, in order to investigate the possibility of securing Public Works Administration funds for the purpose of rehabilitating the city waterworks, the city council at its regular meeting last night diplomatically disposed of a threatening issue only to become involved in another threatening problem, that of accepting or refusing a demand from the International Union of Fire Fighters that employees of the former administration be re-instated in their positions.

Intent upon putting forward a program discussed at an informal meeting of the council last week, the council yielded to the suggestion of Alderman George Brown that it learn what the prospects are of obtaining a \$350,000 loan and grant from the federal government for the purpose of rehabilitating the present plant and extending the present water storage basin either through dredging the present lake or building another reservoir, before doing away with the present rehabilitation ordinance.

Reaching the issue after disposing of several technical matters, such as the appointment of a board of local improvements, preparation of a report on the board's findings in regards to the ordinance passed during the W. A. Wainright administration, the council heard the alderman from the fourth ward propose that the council set ahead the date of the scheduled election in order to gain time during which it would be possible to take up the project with the federal government.

The council first showed its trend when Mr. E. J. Blackburn announced that he wanted to appoint F. R. Matthews as a member of the board of local improvements to serve with the mayor and the superintendent of streets. It was discovered that the action had to be taken through an ordinance, and when the ordinance was presented with the emergency clause attached, it was given no votes by Aldermen Brown and John Early. There were sufficient votes in favor of the ordinance to make it a law, however, and the board withdrew from the report.

**Present Report**  
Mathews, who was elected secretary of the board, presented a report in which the board argued that for economic reasons it did not believe that the time was ripe for an election on the bond issue, and that it was very doubtful that the issue would carry at this time.

Continuing in the report, Mathews stated that the present ordinance provides that the city pay all of the costs of financing the improvement, that it might be possible to secure a grant of at least 50 percent of the proposed rehabilitation and extension, and that bonds to pay off the government loan would be payable over a 40 year period at an interest rate of 21 percent a year, rather than the 44 percent specified in the bonds proposed in the ordinance now on the books, to be paid off in 20 years.

Mathews also reported that he had been informed by a member of the former council that Alexander Van Praag, engineer who drew the plans for the proposed rehabilitation has estimated that it might be possible for the city to obtain a PWA loan and grant of at least \$340,000 for the waterworks here.

Although no test vote was taken on the issue of repealing the present ordinance, the council was said to stand evenly divided on the problem, leaving the decision to the mayor.

Upon being informed by City Attorney Ray Grunty that the election ordinance could be amended to read that the election would be held 90 days later, Alderman Mathews changed his report to suggest that the attorney be instructed to draw up an ordinance to this effect immediately. The city attorney pointed out that it would be necessary to repeal both the election ordinance and the ordinance authorizing the issuance of \$150,000 in bonds because the citizens had presented a petition requesting an election.

**Present Resolution**  
Presenting two resolutions, one of which stated: "Whereas, the City Council of the City of Jacksonville shall reinstate the members of Local No. 426 of the International Fire Fighters association who were discharged, and the other which stated: "Whereas, the grievance board of Local No. 426 of the International Fire Fighters association demands to have proper deliberations with the present city administration as their rights under the Collective Bargaining of Section 7-A," members of the union put forward John P. Redman, in a stirring appeal, pointed out that the members of the fire department appointed by the preceding administration had kept the fire loss at a low point, that it was organized some three or four months, possibly longer, before the present administration was installed, and that the best means of obtaining an efficient department was to continue in service men who have shown their ability to combat fire. He continued by pointing out that cities in which the fire department has been placed under civil service and divorced from politics have had lower per capita fire loss than cities which have kept the fire department as a political football.

Rejection of the union's plea for reinstatement of its members will result in a plea being made with the regional labor board, the speaker continued. He pointed out that the department was undermanned, that the state association of Fire Fighters had met in Jacksonville twice in the past and might meet here again in the near future.

The matter was turned over to the fire committee, consisting of Aldermen Ralph Green, John Early and F. R. Matthews for study and a report at the next regular council meeting.

**A. D. MOLOHON IS GIVEN PROMOTION IN RANGE SERVICE**

Former Local Resident Transferred To Department Of Interior In Southern States.

A. D. Molohon, who was an assistant supervisor of the Lincoln Forest with headquarters at Alamogordo, New Mexico, since last September, was recently transferred to the Department of Interior to assist in putting the Public Domain Range under administration under the Taylor act. The eleven western states have been divided into six regions and he has been placed in charge of the work in Region 3, covering the states of Arizona and New Mexico, with headquarters at Albuquerque, N. M.

The work is quite similar to the work he was doing in the forest service and concerns range management.

Mr. Molohon, grazing specialist of the Carson Forest, Laos, N. M., who had been making a grazing reconnaissance in the Sandia mountains for the Cibola forest, became assistant supervisor of the Lincoln Forest with
